Its ratio of Expenses to total Incomes is LOWER THAN THAT OF ANY OTHER COMPANY doing business in the United States.

Division of Surplus is made upon the Premiums actually paid.

It continues to issue all classes of Life and Endowment Policies, at the lowest rates consistent with perfect security to the members. Its distinguishing features are *economy in expenditure*, and *care in its management*.

It pays no stockholders for the use of capital, *no bonuses* or *commissions* to officers, and no immoderate compensation to agents.

Its risks are carefully selected so as to secure sound lives. It is careful in adjusting losses, and prompt in payment.

Its funds are invested with regard to security, never hazarding principal for interest; hence it has never lost a dollar on its investments. After paying losses and expenses, and reserving the value of all outstanding policies, it has *always* made an *annual* dividend of return premiums to the members and paid them when due.

It endeavors, in brief, to act in all respects as a faithful trustee for the members. Having for over twenty years pursued this course, it proposes to continue it in the future, and offers its advantages to all who desire to insure in a company so conducted.

## BUSINESS DIRECTORY OF BUFFALO.

BUFFALO:
PUBLISHED BY WARREN, JOHNSON & CO.
Office of the Daily Courier.

# PREFACE.

THE BUFFALO CITY DIRECTORY for 1869 is believed to be more complete than any of its predecessors. More than ordinary care has been used in the canvass, and while there are unquestionably occasional and unavoidable errors and omissions, the marked improvement furnishes ground for the hope that experience and greater system will eventually secure substantial accuracy. It is gratifying, also, that the Directory furnishes evidence of the constant growth of the city. The Directory of 1859 contained only twenty thousand names; that of 1869 has almost thirty thousand, showing an increase in population for ten years of fifty thousand persons. This increase is almost wholly attributable to the steady progress of manufactures, and Buffalo will continue to thrive so long as capital and industry work harmoniously in producing wealth. The following is a comparative statement of the names in the Directory for 1868 and 1869:

| | |
|---|---|
| 1869, Number of Names, | 29,800 |
| 1868, " " | 25,422 |
| Increase, | 4,378 |

Computing the population of the city by the very moderate estimate of five persons to one family, and Buffalo has to-day one hundred and forty-nine thousand inhabitants. Allowing for the less than usual percentage of omissions, it is not too much to claim that our population is fully ONE HUNDRED AND FIFTY THOUSAND.

A prominent feature of the Directory is the largely increased number of New York City and Eastern advertisers—about fifty this year—who show their appreciation of this medium of communication with the business men of Buffalo and Western New York.

The number of City Advertisers is three hundred and fifty—about the same as last year—a fact that is not to the credit of our merchants and manufacturers. The Buffalo City Directory is placed in the principal hotels and express offices in the country; it has double the circulation of any city directory published, and in its typography and binding is superior to any book of its class. The publishers intend to make it, in the future, still more valuable to the public, and to secure for it a largely increased list of advertisers and subscribers.

# STREET AND AVENUE DIRECTORY.

MAY 1, 1869.

## EXPLANATION.

It will be noticed that in this Street Directory the names of the streets are set down in alphabetical order, giving the course which they run, according, as near as possible, to the points of the compass, and enumerating all streets which cross the same in the order in which they occur. The number on one corner has been given, so that a person wishing to find, say No. 495 MAIN STREET, on consulting the Street Directory, finds that the right hand corner of Main and Mohawk is No. 487, consequently the place he seeks is only a few doors above.

## BUFFALO FEMALE ACADEMY.

This institution is situated in the most eligible and delightful part of the city, and commands a beautiful view of the city, the river,

and the lake. The grounds, consisting of a whole block, fronting on Delaware avenue and extending to a charming private park in the rear, are tastefully laid out and ornamented with trees and shrubbery.

The buildings, "The Cottage" and "Goodell Hall," combine all that is desirable in arrangement and convenience. The former is built of stone, and is exclusively occupied by the family of the principal, the young ladies entrusted to his care as boarders, and the teachers of the institution boarding with the principal. The latter, "Goodell Hall," has been expressly erected for academic instruction, and for spaciousness and convenience, may well challenge comparison with any similar establishment in the country. It has abundant accommodations for four hundred pupils. Rev. A. T. Chester, Principal.

Board of Trustees.—Hon. N. K. Hall, President; Rev. A. T. Chester, D. D., Secretary and Treasurer; Samuel F. Pratt, Dennis Bowen, Noah H. Gardner, Henry W. Rogers, Bronson C. Rumsey, Joseph Dart, Sherman S. Jewett, John R. Lee, Thomas Farnham, Charles E. Clarke, John B. Skinner, Francis H. Root, George Howard.

Many errors occur by persons not observing the following rules in depositing letters, papers or other mail matter in the office for mailing:

All Drop Letters must be prepaid by postage stamps.

Prepayment by stamps required on all transient printed matter, foreign and domestic.

By inserting the County in which the office is located, upon all the letters, many errors in superscription might be detected, and mistakes in mailing be avoided.

The following class of letters are not advertised:

Drop Letters, unless a three cent postage stamp is affixed.

Letters bearing request to be returned to writers if unclaimed.

Box Letters.

Letters directed and sent to hotels, and thence returned to the Post Office as unclaimed, being for strangers.

Letters returned from the Dead Letter Office to writers.

Circulars, free packets, containing printed documents, speeches, and other printed matter.

All others remaining in the office are advertised on Saturday of each week. If not claimed in *one month* thereafter, they are then forwarded to Washington.

*Buffalo Society of Natural Sciences.*—Organized December 5th, 1861; incorporated January 28th, 1863. The object of this Society is the promotion and study of the Natural Sciences, through the formation of a Museum and Library, the procurement of Lectures, and the use of such other means as shall be found effective. Its primary duties and objects are the collection and preservation of specimens of every vegetable and of every animated being, other than man and the domestic animals, (indigenous to Buffalo and its vicinity,) and of every rock, fossil, and mineral of the surrounding country; to classify, arrange and make catalogues of them; to send catalogues of them to its correspondents, and to all lovers of natural science who may desire them; to observe, record and diffuse a knowledge of all facts illustrative of the nature and habits of such animals and plants; and, so far as it can, to supply the desiderata of its friends and correspondents. By a reciprocation of the services it desires to render others, as well as by such purchases as it may be able to make, and the gifts of our liberal citizens, its collection will soon represent far more than the local natural history; and it hopes and expects that its rooms will be attractive and useful to naturalists, as well as gratifying to the instructed admirers of God's wonderful works. Its rooms are located in the Young Men's Association Buildings.

*The Buffalo Historical Society.*—The above Society was organized April 15, 1862, and its first election of officers was held May 20, 1862. Its general design is to discover, procure and preserve whatever may relate to the history of Western New York, and the city of Buffalo in particular. It will likewise aim to gather

statistics of the commerce, manufactures and business of the Lake region, and those portions of the West that are intimately connected with the interests of Buffalo. For that purpose it solicits from all persons willing to contribute to the object, donations of books, pamphlets, maps, charts, manuscripts, correspondence, paintings, statuary, files of newspapers, etc., etc., which may have historic importance, or illustrate, in any way, the facts and incidents attendant upon the early settlement and subsequent progress of Western New York and the adjacent regions. Those who are in possession of any of the above described objects of collection desired by the Society, and may not feel willing to donate or permanently part with them, are respectfully invited to deposit the same among the archives of this Society, to be reclaimed at their pleasure. No property thus deposited will be permitted to be taken from the rooms of the Society, unless with the written consent of the owner or depositor. A fireproof depository has been secured for the use of the Society. An Annual Oration will be delivered before the Society, on the second Tuesday of January in each year, and Addresses from time to time during the year, of which public notice will be given. The monthly meetings of the Society will be held on the first Tuesday of every month.

## LEGAL HOLIDAYS.

We publish by request the entire act establishing Legal Holidays. It will be seen from this that when either of the holidays named occurs on a week day, the law treats them as Sundays for all purposes connected with the payment, acceptance, or protest of bills of exchange and promissory notes. All notes maturing on such days therefore, must be paid the day before, or, if that is Sunday, the Saturday previous. But when these holidays fall on Sunday, then the next day is also a legal holiday; but the law interposes in favor of the debtors, and allows payment of notes, etc., made after March 16, 1865, to be deferred to the Tuesday succeeding. The following is the bill passed March 18, 1865, chap. 1846:

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The act, entitled "An act to designate the holidays to be observed in the acceptance and payment of bills of exchange and promissory notes," passed April fourth, eighteen hundred and forty-nine, is hereby amended so as to read as follows:

§ 1. The following days, viz.: Any day appointed or recommended by the Governor of this State or the President of the United States, as a day of fast or thanksgiving, the fourth day of July, twenty-fifth day of December, commonly called Christmas day, the first day of January, commonly called New Year's day, and the twenty-second day of February, and when the said fourth day of July, twenty-fifth day of December, first day of January, or twenty-second day of February shall occur on Sunday, then the ensuing day thereto, shall, for all purposes whatsoever, as regards the presenting for payment or acceptance, and of the protesting and giving notice of the dishonor of bills of exchange, bank checks and promissory notes, made after the passage of this act, be treated and considered as the first day of the week, commonly called Sunday. And any bill of exchange, bank check or promissory note, made after the passage of this act, which but for this act would fall due and payable on any of the days herein mentioned, shall, when said day falls on Sunday, become payable on the Tuesday next succeeding such days.

§ 2. This act shall take effect on the first day of August next.

CANCELLATION.—In all cases where an *adhesive* stamp is used for denoting the stamp duty upon an instrument, the person using or affixing the same must write or imprint thereupon, *in ink*, the initials of his name, and the date (the year, month and day) on which the same is attached or used. Each stamp should be separately cancelled. When stamps are printed upon checks, etc., so that in filling up the instrument, the face of the stamp is and must necessarily be written across, no other cancellation will be required.

All cancellation must be distinct and legible, and except in the case of proprietary stamps from private dies, no method of cancellation which differs from that above described can be recognized as legal and sufficient.

PENALTIES.—A penalty of fifty dollars is imposed upon every person who makes, signs, or issues, or who causes to be made, signed, or issued, any paper of any kind or description whatever, or who accepts, negotiates, or pays, or causes to be accepted, negotiated, or paid, any bill of exchange, draft, or order, or promissory note, for the payment of money, without the same being duly stamped, or having thereupon an adhesive stamp for denoting the tax chargeable thereon, cancelled in the manner required by law, with intent to evade the provisions of the revenue act.

A penalty of two hundred dollars is imposed upon every person who pays, negotiates, or offers in payment, or receives or takes in payment, any bill of exchange or order for the payment of any sum of money, drawn or purporting to be drawn in a foreign country, but payable in the United States, until the proper stamp has been affixed thereto.

A penalty of fifty dollars is imposed upon every person who fraudulently makes use of an adhesive stamp to denote the duty required by the revenue act, without effectually cancelling and obliterating the same in the manner required by law.

Attention is particularly called to the following extract from section 155, of the act of June 30, 1864, as amended by the act of July 13, 1866:

"If any person shall wilfully remove, or cause to be removed, alter or cause to be altered the cancelling or defacing marks on any adhesive stamp, with intent to use the same, or to cause the use of the same, after it shall have been once used, or shall knowingly or wilfully sell or buy such washed or restored stamps, or offer the same for sale, or give or expose the same to any person for use, or knowingly use the same or prepare the same with intent for the further use thereof, or if any person shall knowingly and without lawful excuse (the proof whereof shall lie on the person accused) have in his possession any washed, restored, or altered stamps, which have been removed from any vellum, parchment, paper, instrument, or writing, then,

and in every such case, every person so offending, and every person knowingly and wilfully aiding, abetting, or assisting in committing any such offence as aforesaid, shall, on conviction thereof, " " " be punished by a fine not exceeding one thousand dollars, or by imprisonment and confinement to hard labor not exceeding five years, or both, at the discretion of the court."

Revenue stamps may be used indiscriminately upon any of the matters or things enumerated, except proprietary and playing card stamps, for which a special use has been provided.

Postage stamps cannot be used in payment of the duty chargeable on instruments.

When in parcels or packages containing more than twenty-five and not more than fifty lights..... 2

For every additional twenty-five lights, or fractional part of that number, one cent additional.

PLAYING CARDS. For and upon every pack not exceeding fifty-two cards in number, irrespective of price or value 5

CANNED MEATS, &c. For and upon every can, bottle, or other single package containing fish, sauces, sirups, prepared mustard, jams, or jellies, contained therein, and packed or sealed, made, prepared, and sold, or offered for sale, or removed for consumption in the United States, on and after the first day of October, 1866, when such can, bottle, or other single package, with its contents, shall not exceed two pounds in weight... 1

For every additional pound or fractional part thereof..... 1

☞ Cigar lights and playing cards, in the hands of manufacturers and dealers, should be stamped according to the rates fixed by the law now in force. The fact that they were manufactured prior to August 1, 1866, and are stamped in accordance with the law in force at the time of manufacture, does not relieve them from payment of the increased rates by affixing additional stamps.

No stamp tax is imposed upon any uncompounded medicinal drug or chemical, nor upon any medicine compounded according to the United States or other national pharmacopœia, or of which the full and proper formula is published in any of the dispensatories now or hitherto in common use among physicians or apothecaries, or in any pharmaceutical journal now issued by any incorporated college of pharmacy, unless sold or offered for sale or advertised under some other name, form, or guise than that under which they are severally denominated and laid down in such pharmacopœias, dispensatories, or journals.

No stamp tax is imposed upon medicines sold to or for the use of any person, which may be mixed and compounded for said person according to the written recipe or prescription of a physician or surgeon. But all medicinal articles, whether simple or compounded

by any rule, authority, or formula, published or unpublished, which are put up in a style or manner similar to that of patent or proprietary medicines in general, or advertised in newspapers or by public handbills, for popular sale and use, as having any special proprietary claim to merit, or to any peculiar advantage in mode of preparation quality, use, or effect, whether such claim be real or pretended, are liable to the tax.

Stamps appropriated to denote the duty charged upon articles named in the schedule, cannot be used for any other purpose; nor can stamps appropriated to denote the duty upon instruments be used in payment of the duties upon articles enumerated in this schedule.

When proprietary stamps from a private die are used, if they are so affixed to the boxes, bottles, or packages that, in opening the same, or in using the contents thereof, they shall and must be unavoidably and effectually destroyed, no cancellation is necessary; but if they cannot be so affixed, they should be cancelled in the ordinary manner by writing or imprinting thereon the initials and date. When general proprietary stamps are used, they must be cancelled by writing or imprinting thereon the date and the initials of the party using or affixing them.

When proprietary medicines and preparations, perfumery, and cosmetics are stamped according to their retail price or value in the immediate vicinity of the place of manufacture, no additional stamps are necessary upon them, whatever may be the price at which they are offered.

Any person who offers or exposes for sale any of the articles named in the schedule, or in any of the amendments thereto, whether they are imported or of foreign or domestic manufacture, is to be deemed the manufacturer thereof, and subject to all the duties, liabilities, and penalties imposed by law in regard to the sale of domestic articles without the use of the proper stamp or stamps for denoting the tax paid thereon. The stamp tax upon such articles imported or of foreign manufacture is in addition to the import duties; but when such imported articles, except playing cards, lucifer or friction matches, cigar lights, and wax tapers, are sold in the original or unbroken packages in which the bottles or enclosures were packed by the manufacturer, no penalty is incurred for want of the proper stamp. When the packages are opened stamps should be affixed.

Violations of these stamp duties will be punished as the law directs.

*Extract from Report of Executive Committee at the Michigan State Fair, held at Detroit in October, 1868.*

"*Resolved*, That we recognize the report of Viewing Committee No. 29, regularly appointed to examine in Class 32, Division D, in which they award first premium to Hay and Cattle Scales, manufactured by the Buffalo Scale Works, Buffalo, N. Y., and second premium to Fairbanks' Scales, Fairbanks, Greenleaf & Co., Agents, Chicago, to be correct. The Committee did examine both Scales, and in our judgment, were perfectly competent to judge of their merits."

All our Instruments are built of the best and most thoroughly seasoned materials. Their tone is deep, round, full and mellow, the touch elastic. We were

## AWARDED THE FIRST PREMIUM

at the New York State Fair, in 1862, and we claim the right of saying that our make of Pianos is superior to any manufactured in this country.

EXTRACT FROM THE "ROCHESTER UNION."

Mr. G. W. Ellis,—Dear Sir:—I take much pleasure in saying that the Piano you furnished for Grau's Opera Troupe in this city, manufactured by Messrs. Kurtzman & Hinze, is a very fine instrument—indeed as good as I have ever used. Yours Truly,

No. 25 ARCADE, OVER THE POST OFFICE.

NEW YORK, No. 37 Park Row; BOSTON, No. 29 Studio Building, Tremont Street; also, in Branch Office in WASHINGTON, for business with the Department only.

The design of these offices comprehends the combination of the *practice of Patent Law with the soliciting of Patents* in the United States and all Foreign Countries.

The LAW DEPARTMENT is conducted by EDMUND BURKE, formerly Commissioner of Patents.

The SOLICITING DEPARTMENT is conducted by FRASER & OSGOOD, who have been more than FIFTEEN YEARS engaged in the business.

Special attention is given to Interference, Infringement, and other Patent Causes, and to the preparation of opinions on the validity of Patents.

Also, to RE-ISSUING Defective Patents, obtaining the EXTENSION of Patents granted previous to March 2, 1861, and to the prosecution of REJECTED APPLICATIONS.

In doubtful and REJECTED CASES the fees will be made to depend on success if preferred.

One member of the firm is almost constantly in Washington, to attend personally to Cases before the Patent Office.

EDMUND BURKE, *Formerly Commissioner of Patents.*

# NOTICE TO THE TRADE

CONCERNING

# JOHNSON'S BUFF TINTED COPYING PAPER

## CHEAPEST AND BEST PAPER.

Circulars have been issued to the Stationery Trade, advertising our numerous customers as "unprincipled Jobbers and Dealers," and threatening them with prosecution, which are doubtless intended to intimidate them against purchasing or using

**JOHNSON'S BUFF TINTED COPYING PAPER.**

and have gone so far as to state that in some instances our paper has been represented to be another article, made by other parties.

We have bestowed years of labor in bringing our paper to its present perfection, and so far from having any desire to confound it with any other, have labored assiduously to preserve its identity with us.

It is our intention not to permit the trade to be intimidated in the purchase of our Paper. We are able to supply the market with a superior article, at less price than any other, and propose to do so.

If you buy any Copying Paper or Books made by us, we shall protect you against any loss by reason of prosecution or infringement upon the pretended rights of any manufacturer.

Every one of our Copying Books has pasted on the front inside cover a label, reading "JOHNSON'S BUFF TINTED COPYING PAPER." Then follow a few lines setting forth the advantages of our Paper, with directions for Copying, &c.

All our Books are done up in packages of one-quarter dozen each, with a label on the outside of package which reads, "Johnson's Buff Tinted Copying Paper, Copying Books," size, number and thickness.

Our Buff Tinted Copying Paper is done up in packages of Two Reams each, with label on the outside of each package as follows: "Johnson's Buff Tinted Copying Paper." This label also contains a list of all the sizes of Paper we manufacture, with other instructions in regard to using this Paper, &c.

We have been somewhat particular in describing the manner in which our Paper and Copying Books are sent out to the Trade, so that they may more readily identify them, and understand that we do not wish to confound them with any inferior article.

### ANNOUNCEMENT.

The firms of Joseph Warren & Co., and Howard & Johnson, have been consolidated, and the proprietors have formed a Joint Stock Association under the name of THE COURIER COMPANY, Warren, Johnson & Co., Proprietors, for the purpose of carrying on all the branches of business hitherto transacted by the two firms, and the following officers chosen: President, Joseph Warren; Vice-President, James M. Johnson; Treasurer, E. H. Howard; Secretary, Milo Stevens. The considerations which have led to the consolidation of these remunerative printing establishments are the increase of facilities for doing a constantly increasing amount of business, the economy of management and the concentration of energy and capital.

THE PRINTING DEPARTMENT.

The Printing Department has twenty-four steam presses and seven hand presses, and the most improved facilities for doing the best work with dispatch and at low prices. It has four Adams presses of the largest capacity for book work; one of Hoe's four roller Printing Machines for fine work and color printing; four mammoth cylinder presses for Circus and Poster work, and abundant machinery for job printing in all its varieties.

THE BINDING DEPARTMENT.

The Bindery which, under the management of James M. Johnson, has won a national reputation, is the most complete in the country. It is provided with the Electric Ruling Machine, with Embossing Presses, the finest dies, and all the machinery requisite for first-class work. None but skilled and experienced workmen are employed. In this Department, Blank-books and Diaries are manufactured to order for the trade, and edition work done for authors and Eastern publishing houses.

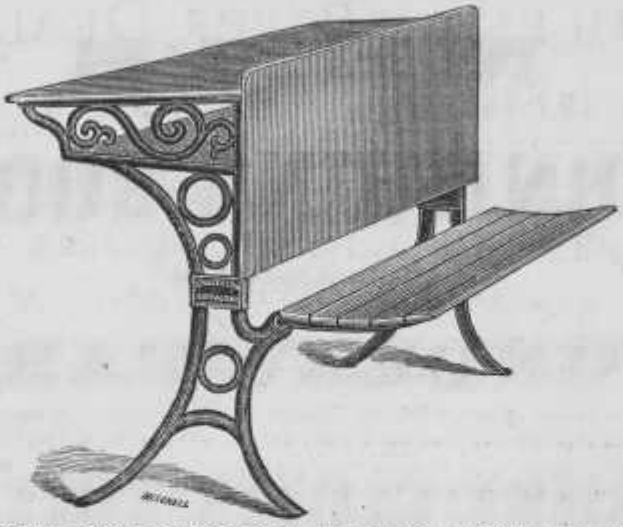

THE STATIONERY DEPARTMENT.

The store, 197 Main street, is stocked with the manufactures of the establishment, consisting of Blank-books, Diaries and Pocket-books of the first quality, together with a large and carefully selected stock of foreign and domestic stationery. Articles for the Desk and Counting Room, Printers' and Binders' materials, including Book, Flat and Folded Papers from the leading mills, will be kept constantly on hand.

The Counting Room of the COURIER and the Business Office of the Company is at the store, 197 Main street. The entrance to the Editorial, Composition and Newspaper Press Rooms is by the staircase between Nos. 198 and 200 Washington street.

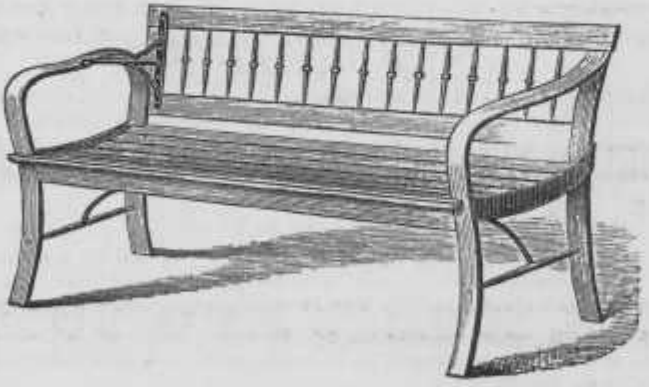

ESTABLISHED IN 1854.

# ORGANS AND MELODEONS

We have manufactured Melodeons and Organs twenty-two years, and will not risk our well-earned reputation by making *cheap instruments.*

We *have not* made a great reduction in prices and cannot, until a reduction in the price of labor and material will warrant us in doing so. Organs are advertised at $50, Gold Watches at $15, etc., etc. *Sensible People* can judge of their value.

Instruments of our own make, twenty years old, are now valued by their owners as highly as the day they were bought, and it is our intention to sustain our old reputation.

# NURSING NIPPLE

## PATENTED JUNE 9, 1868.

After two years spent in a series of experiments, the proprietors offer this Nipple to the public, with the full assurance of its superiority to any heretofore presented.

In its assimilation to nature and its adaptation to the uses intended, it stands unrivalled.

In it, the bone ring in use in all other Nursing Bottles (and so liable to break,) is entirely dispensed with. The Nipple and guard being both made in one piece.

It has met with the fullest approbation, not only of the trade but of the medical profession generally.

None but the best of materials used in their construction.

# KNICKERBOCKER

## MUTUAL

# LIFE INSURANCE COMPANY

**161 Broadway, New York.**

ASSETS, OVER

# $5,500,000

**And Rapidly Increasing.**

***ONE OF THE OLDEST COMPANIES in the United States.***

Issues every desirable form of Policy, Life, Ten Year, or Endowment. It will, if desired, take a note for one-third of the premium, thus combining all the advantages of a note and all cash company, a plan that favors persons of moderate means, in securing one-half more insurance for the same cash payment, than can be had in an all cash company.

**ERASTUS LYMAN, President.**

**G. F. SNIFFEN, Secretary.** **H. LASSING, Manager.**

**H. E. EASTMAN, . . . . Sup'ts of Agencies, . . . . C. A. HUNTER.**

The Knickerbocker was the first Life Insurance Company to abolish restrictions in policies as to travel or residence in any of the civilized settlements of the United States, or to grant free permits to Europe.

No extra charge for army or navy officers, or employees on steamships, sailing vessels, or railroads.

DIVIDENDS DECLARED ANNUALLY.

# Knickerbocker Mutual Life Ins. Co.

OF NEW YORK.

The unexampled rapidity of the growth of this Company; its unprecedent gain in new business; its abolition of the usual restrictions on travel and occupation; the special advantages and liberal terms offered to policy holders for payment of premiums; the small average ratio of losses to income; the large reversionary dividend of $495,000 declared in 1868, to insurers, place it in the front rank of Life Insurance Companies.

Its success in the increase of new business is greater than that attained by any Company in a single year, as shown by official statistics.

The gross assets of the Company, (January 1, 1869,) amount to nearly $5,200,000, all of which is securely invested.

The income of the Company is over $300,000 per month.

Special care in the selection of its risks; strict economy in all its expenses; prompt payment of its just losses and liabilities, and a safe investment of its funds, characterise the management of this Company.

## Advantages Offered by this Company.

The question is no longer, Shall I insure my life? but, Where is it to my advantage to insure?

1. The Knickerbocker is mutual, because profits are divided among the assured.
2. It issues every desirable form of Policy.
3. It allows the insured to travel and reside in any portion of the United States and Europe, at any and all seasons of the year, without extra charge.
4. Its Policies dispense with almost all restrictions on occupation.
5. Its rates of Premiums are as low as any Company can offer and do a thoroughly safe business.
6. It is most liberal in favoring Policy holders in payment of their premiums.

**Dividends proportionate with the earnings will be declared annually on all Mutual Policies issued previous to December 31, 1869.**

# GEO. A. PRINCE & CO.'S

# ORGANS AND MELODEONS

## WITH MANUAL SUB BASS,

Combining all of their Recent Improvements,

Divided Swell, Graduated Swell, Basso Tenuto, Organ Melodeon, Etc.

The Basso Tenuto, Divided Swell and Graduated Swell, can only be obtained in Melodeons of our Manufacture.

MANUFACTORY, CORNER NIAGARA AND MARYLAND STREETS, BUFFALO, N. Y.

WHOLESALE DEPOT, 89 WASHINGTON STREET, CHICAGO, ILL.

We now manufacture over forty different styles of the Melodeon, Organ Melodeon, Automatic Organ, etc., and during the existence of our Manufactory have sent forth *a greater number of instruments than the whole of the other manufactories in the United States combined!* And we have the proud satisfaction of adding we never had an instrument returned from any imperfections or deficiency in construction.

☞ Our new Illustrated Catalogue, just issued, is sent free of postage to any applicant.

☞ Address orders or communications to

# PRINCE & CO.'S ORGANS.

## TO THE PUBLIC.

In presenting our ORGANS, we boldly announce the greatest triumph in musical instruments of the age. During the past half Century, the French and Germans have manufactured reed instruments with double bellows, and two pedals for the feet to operate, but the want of the reversed or EXHAUSTION BELLOWS, (which is the only bellows used in our instruments) made it impossible for them to produce the mellow, rich and musical tone for which our instruments are celebrated.

Another objection to this method of blowing was that both feet being occupied, no opportunity was afforded for the management of the swell. Within the past two years, instruments constructed upon this European plan of "double blowers" have been manufactured in this country, and to counteract this difficulty (want of a swell) a lever has been projected from the center of the instrument to act upon the swell, AND OPERATED BY THE KNEE. The inconvenience and contortion necessary to effect this object are disagreeable enough to a gentleman, but to a lady the use of such an appendage is nearly impossible.

Our new device obviates this difficulty entirely, the simple act of blowing with more or less force giving the desired increase or decrease in the volume of tone, and at the same time enables the performer to open or close the swell instantaneously when desired. We predict for this invention a brilliant future.

A liberal discount to Clergymen, Churches and Schools.

## CAUTION TO PURCHASERS.

All our instruments have upon the name board, in full, "GEO. A. PRINCE & CO." When a dealer represents any other Instruments as "the same as ours," it is usually a mere attempt to sell an inferior instrument on which he can make a larger profit.

Every *dealer* knows that our Instruments cost more to manufacture, and will sell readily for more than those of most other makers. We are the pioneers in the manufacture of Melodeons and Organs in the United States, and have sent forth a greater number of Instruments than the whole of the other manufactories combined, and we have the proud satisfaction of adding, *We have never had an instrument returned from any imperfections or deficiency in construction.*

The market is flooded with cheap Melodeons and Organs, as it is with cheap Pianos, cheap furniture, cheap clocks, and cheap cloth and clothing, yet we all know that these cheap things are dear at any price. Instruments of our make—twenty years old—are now valued by their owners as highly as the day they were bought, and it is our intention to sustain our old reputation.

1832. SCHENCK MACHINE WORKS. 1869.

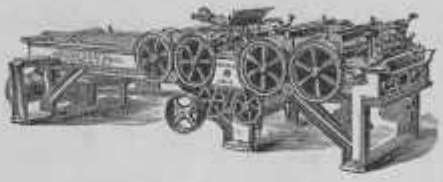

THE IMPROVED "SCHENCK" WOODWORTH

# Planing, Tongueing and Grooving Machines.

PATENTED FEB. 2, 1869.

(SEE OTHER SIDE.)

## THE IMPROVED "SCHENCK" WOODWORTH

# PLANING, TONGUEING AND GROOVING MACHINES

**PATENTED FEB. 2d, 1869.**

## MANUFACTURED ONLY BY JOHN B. SCHENCK & SON,

Matteawan, Dutchess Co., New York.

**Telegraph Station—Fishkill Depot, Hudson River Railroad.**

---

### THE IMPROVEMENTS PATENTED ARE,

**First**—The simultaneous adjustment of all the top feed rollers, and facing cutter, for different thickness of lumber.

**Second**—The combination of the vertical adjustment of the rollers, and the oblique adjustment of the facing cutter, requiring the same length of cutter belts in all positions.

**Third**—The method of raising the introducing pressure bar or roll, with the introducing feed roll, so that the stuff only raises it ⅛ inch, whether much or little is to be planed off.

**Fourth**—The arrangement for adjusting the lever of the introducing pressure roll, so as to bear directly over the stuff and prevent canting.

**Fifth**—The method of adjusting the guides and matcher head, on the guide side of the machine, to any point across the bed plate, so that the knives may be used the whole length.

SOLE MANUFACTURERS OF THE

## IMPROVED OVERSTRUNG

# Square Grand Piano Fortes

PATENTED OCTOBER 13th, 1868.

FACTORY AND SALES ROOM,

401 Niagara Street, corner of Maryland, Buffalo, N. Y.

EVERY PIANO FULLY WARRANTED FOR SEVEN YEARS.

PIANOS TUNED AND REPAIRED IN THE BEST MANNER.

4442-36

In returning thanks for the very liberal patronage we have received during the past nine years, we call the especial attention of intending purchasers and judges of good Pianos, to the very great improvements we have lately made in the manufacture of these well known and superior instruments, among which are a Combination Bridge of a novel and peculiar construction, and for which we have received Letters Patent, the effect produced by its use being a quality of tone hitherto unknown even in the best Pianos of the most celebrated makers, and far superior to the so-called agraffe. All our Instruments will be furnished with this and other valuable improvements without any advance on our hitherto extremely low prices, which are fully twenty per cent. less than the usual rates charged by first-class makers.

Please call before purchasing elsewhere.

## OLD PIANOS TAKEN IN EXCHANGE.

New and second-hand Pianos rented with privilege of purchase.
